

March 9, 2001

Subject: Amendment No. 2 to Letter of Interest (LOI) No. RDJ-0-30630-00 entitled "Thin-Film Photovoltaics Partnerships Program"

This Amendment No. 2 to the above LOI is issued to clarify the total number of pages that may be submitted with an LOI response.

Amendment No. 1 stated: "NREL will allow submittal of such letters, or other types of reference letters to support past performance, in addition to the 15-page limit. However, a maximum of five (5) additional pages may be submitted, for a total of twenty (20) pages. This applies not only to the University Center of Excellence category, but also to the R&D Partners and Technology Partners categories."

This paragraph is deleted in its entirety and replaced with the following:

"NREL will allow submittal of such letters, or other types of reference letters to support past performance, in addition to the thirty (30)-page total limit. However, a maximum of five (5) additional pages may be submitted, **for a total of thirty-five (35) pages**. This applies not only to the University Center of Excellence category, but also to the R&D Partners and Technology Partners categories."

Section 14, LOI PREPARATION INFORMATION, Paragraph K of the LOI is therefore amended to change "thirty (30) pages" to "thirty-five (35) pages."

**The due date and time for submittal of Letter of Interest responses remain unchanged.**

**Responders are required to acknowledge receipt of this Amendment No. 2 with any Letter of Interest submitted in response to this solicitation.**
